Greetings -- Elsie Escobar and Jessica Kupferman:

I am providing a public view comment to one of your ShePodCasts.

This Email Will Be HTML Saved and Placed upon the Public Record of Truth I hold.

Let us find a need to associate motives and deserving credit. This content is in no way -- absolutely no way a dark casting on your overall PodCasts Work Product. Please read on...

What has gone wrong -- when it has been a huge pain in the fucking ass with my involvement with Mike 'iSocialCop' Bires -- His Motives?

STOP RIGHT HERE -- I am not like any other person that you have ever met.

Have I made an offense for the use of the word "FUCK" ?

--- of course not! Lets contend with that misappropriate use of standard language for a bit.

I do not appreciate this cliquish elitist holding that they are above the fray [ the 'idiots' ] and are somehow insulated from their offences. The offense here is not listening to another person, those who are in this role, to wall out themselves from their followers -- or anyone else for that matter -- to continue on without being corrected,

Gmail - SRFax Transmission Successful to Mike iSocialCop Bires - URGENT PROCESSING - 1 909-382-7674, Re:Confirmation of Telephone Conversation Agreement, Ref#:Pentagon-Ali... The Term "Their Shit Doesn't Stink" applies and is elitist!

You are in the clouds with delusions of grandeur.

I don't know you two yet, I am not talking about you...

If you did put it on you - that was a bit intentional --reset yourself.

That is called PREJUDICE.

### Even on the use of the word "Fuck" -- for this is the reality of "professional standards" ---

On LinkedIn, there are actual "In Operation" company name profiles that are defined with the word "Fuck" In Them. Such examples are [but not limited to]: "Fuck Cancer", "Fuck Yeah Astrophysics", "Fuck Gravity", "Fuck Racism", and "Fucked Up Design". All of these have corresponding valid in operation internet domain web presence. [ Of Course ].

### Did you know that?' So for someone to have to press himself to have done nothing wrong - a person who cannot accept the truisms of the world --

and what I am contending with from now he is a member of my County Government -- in the District Attorney's Office -- the person who has a PodCasting involvement history with your work.

That of course is Mike 'iSocialCop' Bires, former police officer of the Azusa Police Department and founder of LawEnforcement.Social - a educational resource for the intended training of proper use of social media by law enforcement agencies across the nation.

### The whole affair is OUTRAGEOUS!

My intent to the possible use of your podcast interview in the pursuit of justice from CONSPIRACY [US. Code Title 18, Section 241 and U.S. Code Title 18, Section 242] - making the interview and it's points testimonial evidence of a bias against a member of the public - that has been ingrained and in a dysfunctional state of the man's view of my standing and stated intentions. This is why I am involved in his role here in my county.

Gmail - SRFax Transmission Successful to Mike iSocialCop Bires - URGENT PROCESSING - 1 909-382-7674, Re:Confirmation of Telephone Conversation Agreement, Ref#:Pentagon-Ali...

I keep relating to him. there is nothing in the creation of my contacts to him that can be perceived to be anything other than a cry for help. What is on Mr. Bires warped brain, somehow, has his interests to claim things for his authority credential, that are absolutely unquestionable not of the character he claims.

Oh yes, when it hit his brain my identities, he chose to classify me as his enemy.

The use of my internet domain,

oh no, Mr. Bires can't hold himself to a challenge of attacking me.

The first calls in all of this - I did not know who the man was in this alternative celebrity of his presence.

Nothing has been so apparent, his hate is holding him -- his elitist attitude to not be what he is supposed to be to me as a public official in the District Attorney's office -- he has never honored the statements he had made of intention to help me.

The public visibility and purpose of use of the internet domain [ http://fuckeduphuman.net ] that I have held for 15 years without any problem -- no content removal requests whatsoever -- he is trying his damndest to have a court battle over my holding it to his correction of these matters -- he is a piece of shit! [ 🎂 ]-- An emoji presence standard too -- and I can PROVE it!

if it is not obvious, the term "fucked up [ object ]" has standardized professionals use as company name profiles.

### A FULL OUT FUCKING REAL FACT!

The use of my internet domain [ http://fuckeduphuman.net ] is just an extension to the professional standard use on LinkedIn -- and if Mr. Bires does not concede to this reality and process and do his JOB ACCORDINGLY -- I WILL BE SEEKING REMEDY ONE WAY OR ANOTHER IN COURT!

BRING IT ON -- YOUR HOLDING -- YOUR AUTHORITY and YOUR EGO is beside now -- something wicked this way comes.

DO NOT QUESTION MY RESOLVE OF THESE MATTERS!

He must make the correction that his word implies in these two call recordings --- on bended knee he must apologize for this -- I will not accept anything less at this point -- I expect the standard of excellence.

This here, I guarantee you is not just a brain fart -- an accidental circumstance, an unfortunate series of events. That is not what we have here. I can prove it.

MY FAX TO THEIR OFFICE LAST NIGHT IS WHERE I WOULD BEGIN -- if you have any questions

please I welcome the opportunity to seek a realism understanding and not a brush off.

If you do not respond to this at all,

I would find that unsavory considering the circumstances.

The Fax From August 4th 2020 mentioned in the second call recording - has the subject

of #StopGangStalking -- right on it -- and somehow his inflection on this fax, his need to be emotionally angry and why it was sent, holding him to deal with it, I don't have the right or need to send it -- for he is demanding me anything I send or do to get him to respond is harassment -- BULL FUCKED UP HUMAN SHIT! He claims in the call recording made the other day, not knowing the realm of What is gangstalking!

## I question it!

## For that is actually completely false

### lie to that claim,

The subject of gang stalking has been the mention of the topics of my needs all through the history with attempting to bring these matters forward for remedy. The scope and focus of hate in our country flourishes when law enforcement has intentionally turned a blind's eye to these crimes and the result is a less safer community -- overall the emotional bonds to hate expands throughout the community

meme to meme, it is the foundational science of memetics that brings these understandings

and how to place some adaptive thinking and tools into place to deconstruct the model

that has been allowed to maintain its destruction -- and apply an effort of "Social Improvement" into view --- which is what I do.

#### CHAPTER IX. SOCIAL IMPROVEMENT. "Go fix some weighty truth ; Chain down some passion ; do some generous good ; Teach ignorance to see, or grief to smile; Correct thy friend ; befriend thy greatest foe." As in the material world, without light there can be no shade to contrast with it, and as no poison exists without its opposite in the form of an antidote, so it is in the mental world, there is not a moral evil or poison, however deadly, but has its antidote in the spirit. Our Saviour suffered in, and left, the material world, in order that He might restore to us the use of our spiritual nature. He said, "I go to send the Comforter unto you, that He may teach you all things." This spirit was promised without limitation, or reservation of any kind, to all who loved God, and kept his commandments, being sent in the first instance to his disciples, in whose day we read that it manifested itself by developing various gifts, according to the individual character of the recipient, many of which St. Paul enumerates, some having the gift of

Why we do stupid stuff [woud that be the idiots?]

"Confirmation of Telephone Agreement" relates the pair of calls together.

He can't even keep his banter straight after he took my fax from August 4th and threw it away

in hate! There is absolutely no way to trust this man's integrity.

if I have to reassert the agreement he has with me for a deadline of next Wednesday, in

a matter afterwards that date, this is a final warning to him and all of his peeps!,

He is tasked to establish an influence of sanity to correct the social media blocking

against me with the Local city San Bernardino Police and to introduce the need to bring

forward the National Institutes of Health .gov research findings paper of Gangstalking.

If he does not follow through with his intentions and integrity to a committed true-grit

that are direct relative of these criminal activities,

-- I am immediately heading to the FBI with no way -- no chance to back out of the outcomes

of that mess that he started.

I WILL FINISH -- I GUARANTEE IT -- HE IS BUCKING FOR JAIL TIME As one of his Peeps, the

admiration holding at the beginning of the Podcast, I suggest you get the word out,

you are the haters [ my haters ] that are established by the unfortunate truth that

9/13/2020 Gmail - SRFax Transmission Successful to Mike iSocialCop Bires - URGENT PROCESSING - 1 909-382-7674, Re:Confirmation of Telephone Conversation Agreement, Ref#:Pentagon-Ali... the word "police" appears 20 times in the NIH government published findings paper ON

gangstalking -- your time has come to a close.

In that he is key, I am suggesting that he involve himself to the arena of remedy and

made a public statement to his followers that the national scope problem of gang stalking

activity, a criminal offense and enterprise is going to become an imperative focus of

law enforcement --- his suggestions to his peep followers -- Get Out Of The Line of View.

#StopGangStalking our citizenry -- stop the hate involved against our nations

people. #AllLivesMatter even the idiots or any scum he seems to think have wrong him.

I am not hiding -- you can indeed forward this to his care -- in so doing, I suggest

you follow professional formats and CC: at least to me in that forward -- to be truly

intended to hold truth forward, use the [ replytoall: ] feature -- that would

go a great credit to your own integrity in these matters.

IMPORTANT: I welcome your assertions and opinions as a full impact of just this portion

of making the truth fact real --- keep it real -- I would like a public impact to the matter at hand.

but I am not in any way seeking something but remedy and resolve -- I want my life back please

from all of the haters involved --- the full extent is not in this introduction.

### DEPRIVATION OF RIGHTS UNDER COLOR OF LAW

### SUMMARY:

 Section 242 of Title 18 makes it a crime for a person acting under color of any law to willfully deprive a person of a right or privilege protected by the Constitution or laws of the United States.

For the purpose of Section 242, acts under "color of law" include acts not only done by federal, state, or local officials within their lawful authority, but also acts done beyond the bounds of that official's lawful authority, if the acts are done while the official is purporting to or pretending to act in the performance of his/her official duties. Persons acting under color of law within the meaning of this statute include police officers, prisons guards and other law enforcement officials, as well as judges, care providers in public health facilities, and others who are acting as public officials. It is not necessary that the crime be motivated by animus toward the race, color, religion, sex, handicap, familial status or national origin of the victim.

The offense is punishable by a range of imprisonment up to a life term, or the death penalty, depending upon the circumstances of the crime, and the resulting injury, if any.

### TITLE 18, U.S.C., SECTION 242

Whoever, under color of any law, statute, ordinance, regulation, or custom, willfully subjects any person in any State, Territory, Commonwealth, Possession, or District to the deprivation of any rights, privileges, or immunities secured or protected by the Constitution or laws of the United States, ... shall be fined under this title or imprisoned not more than one year, or both; and if bodily injury results from the acts committed in violation of this section or if such acts include the use, attempted use, or threatened use of a dangerous weapon, explosives, or fire, shall be fined under this title or imprisoned not more than ten years, or both; and if death results from the acts committed in violation of this section or if such acts include kidnapping or an attempt to kidnap, aggravated sexual abuse, or an attempt to Gmail - SRFax Transmission Successful to Mike iSocialCop Bires - URGENT PROCESSING - 1 909-382-7674, Re:Confirmation of Telephone Conversation Agreement, Ref#:Pentagon-Ali...

commit aggravated sexual abuse, or an attempt to kill, shall be fined under this title, or imprisoned for any term of years or for life, or both, or may be sentenced to death.

At one point -- in time and space - he chose to loath me -- [ref: 101 - PreJudice] -- and will not listen to a single word I say, or a read to comprehend a single word I write -- for that matter is apparent -- presented in call recordings made. Only when what can be used to weaponize into his favor -- the opening of anything I say -- he is literally on the path to destroy me -- by knowing I am calling for a change that his own faculty of Law Enforcement must acknowledge.

The word "police" appears in the National Institutes of Health research findings paper on the subject of #Gangstalking.

Most references are not a good casting light as it relates to Law Enforcement across the nation -- perhaps across the globe that the United States right here and now is embroiled in protest - and yes, these are directly related.

NOW, I don't make this statement lightly. I really would not like to have to resort to making call recordings. But it has absolutely nothing to do with him. I have been constantly making call recordings of every in and out call on my mobile device for about 5 years now. It is one of the outcomes of being a victim of gangstalking.

I am willing appear on your podcast, with the debate and discussion points on all that has happened between Mike Bires and myself -- along with the higher need to bring forward the enforcement of the law as it relates to #StopGangStalking --for I have nothing to hide -- but I don't want celebrity -- that is not what drives me.

What makes me wonder -- the authenticity of Mr. Bires to some kind of alter-ego -- he be really a hater trying to protect an underground activity by his up in the clouds personna and celebrity -- his words out here in the deliverance of his meanings -- places hm to somehow be critical of the purpose of the first amendment to his need to wipe the scum of people -- in his way -- that he can't seem to avoid -- idiots are everywhere -- I am sure that he has that view of me -- in my case --- his noteworthy referencer:

### http://Sir-Mike-iSocialCop-Bires.FuckedUpHuman.Net

HE MUST APOLOGIZE IN A MANNER EXPRESSED -- AN ACCORD STYLE PROCEEDING ---ON BENDED KNEE -- OR HE IS GOING TO JAIL -- AND LOSING MORE CREDENTIALS!

Everything here in this email -- perfectly legal -- everything of his actions are intentional to violate my rights and to bully me into some kind of intimidations that he has more power over me and I better not move forward -- but here I am moving forward --- every element of these matters -- needed -- represents:

### THE TRUTH -- THE WHOLE TRUTH -- AND NOTHING BUT THE TRUTH!

---- The Contacts of Truthfinder and Mydomains are placed into the CC: of this email for reasons I am a paid member of your services. The matter to which I have been dealing with in the hate climate of the United States is coming up to a cap of presence. This is because what we have before us in this cap, they must move out into view and they will have a most hard time doing such a placement of moral presence to do something right instead of allowing hate to be the motivation of their creations. To understand this statement, goes to the heart of the matter of what are basic destructive human behaviors .

Over the course of 15 years, my internet domains have been placed into a reference, that for the first time, has issued a statement of legal jeopardy to a legal liability to have them removed from my possession. That outcome is absurd to any kind of relational due process here -- the fact of who is involved in this mix, there are key actors that have found themselves to be involved in the mix of my personal affairs that are interfering in my life -- and it's true ability to remain living. [#HIVUNTREATABLE][#CONSPIRACYEXPOSEDTERMINATESASAP]

They are still stuck at representing dishonest authority and stuck at the silence of the involvements here. I am and have been a targeted individual of gang stalking for now going on more than 15 years. The internet registration of the domain [ http://fuckeduphuman.net along with it's opposite pole [ http://realuphuman.net ] was created on June 10th 2005. This is in direct involvement occuring in my life and a way to establish some holding to document my life in these circumstances. At the time, the idea of gangstalking I do not believe was even coined. In fact, the idea itself or term gangstalking did not come into my reference until most recent in this effort to define something wicked this way comes. If you know the reference, I am truly a resource of word-related wonder. What is being told to you here is real. There is no skew to an alternative narrative.

The two services here named in this email have such history, including key contains over the time period to mark the load of process to creditable over delusional accuratory story telling lies.

This taken into account to what is true or not true or what is claimed and not claimed to be compliant in regards to violations of bad actors on the internet.

It is my intention that the matter of the National Institutes of Health Research Findings Paper on the prevalence of gang stalking and the difference from single stalking cases and gangstalking models has to be incorporated into view from the perspectives of civil society in this country. This begins in two places. First: Law Enforcement and Second Courty Health, specifically behavior health resources and services.
